Let the little children come to
me, and do not hinder them, for
the kingdom of heaven belongs
to such as these.

MATTHEW 19:14

Everyone needs hope. From the vulnerable child to the frail elderly, regardless of one's life stage, health or status, we all need hope to live life to the fullest. Life is never a bed of roses and it can be very difficult for those who have little means to cope. But no one should be disadvantaged or deprived from social justice and support from the community.

Extending hope is what The Salvation Army does best by meeting needs and bridging social gaps. Join us as we reach out to help the underprivileged and those in despair, and offer them restoration and hope for the future.

“We aim to be a beacon of hope to those who are struggling and empower them in achieving better outcomes for their lives.”

The Salvation Army has come a long way in helping the poor and giving hope to those who are vulnerable or in despair. We are committed in transforming lives and serving the underprivileged in our community without discrimination. Even in the midst of uncertainties, we aim to be a beacon of hope to those who are struggling and empower them in achieving better outcomes for their lives.

The past year proved to be a very challenging period but we remained steadfast amid the pandemic and gave our best to support the disadvantaged. We worked closely with the authorities in implementing safe management measures to ensure the safety of our beneficiaries in all our residential homes and centres. Over at our children's homes, Gracehaven and The Haven, we sourced for donated laptops for our residents and helped them to adjust to home-based learning. We also kept a close watch on their mental and emotional health as it was a stressful time for the young ones to cope with the changes.

To support children with incarcerated parents, Prison Support Services – Kids In Play converted our usual physical Family Bonding Sessions to online ones so that the children can continue to meet and bond with their incarcerated parents. Together with Singapore Prison Service, we started a pilot video conferencing initiative to facilitate additional tele-visits at our premises to strengthen familial bonds.

Be it helping families facing hardships, victims suffering from domestic violence, elders dealing with social isolation or migrant workers bearing suicidal thoughts, our caring work never stops. No one knows what the future will bring, but The Salvation Army will be here to help our beneficiaries ride out the storms.

It is said that in the midst of every crisis, lies great opportunity. The pandemic has taught us many valuable lessons on overcoming challenges, and underscored the importance of working closely with like-minded partners. We truly appreciate every donor and volunteer for standing alongside us to support our life-changing work. We would also like to invite new partners to join us in uplifting and extending hope to the less privileged. It is only with your unstinting support that we can all emerge stronger together.

Mr Bill Foo
Chairman
The Salvation Army
National Advisory Board

CHAIRMAN'S MESSAGE

TERRITORIAL COMMANDER'S MESSAGE

The Salvation Army was started in 1865 by our founder, General William Booth with the aim of giving hope to the last, least and lost, during their darkest times. His burning passion for serving the vulnerable and marginalised has transformed The Salvation Army from our humble beginnings in London into an international organisation with footprints across 132 countries.

In 2020, the world experienced one of its darkest periods when the pandemic struck. Here in Singapore, we witnessed how it has taken a toll on the lives of our beneficiaries. Some were worried about feeding their families while others were sinking into despair with the uncertain times. Despite these unprecedented challenges, The Salvation Army remains committed to helping them tide through their difficulties.

At Peacehaven, we allowed our care staff to move into the nursing home to prevent them from contracting the virus from the community. Peacehaven Changi Day Centre was also designated by the Ministry of Health as a whitelisted centre to continue serving elders who do not have adequate family support. In August 2020, we opened Peacehaven Bedok Arena to

provide a suite of day programmes, such as active ageing and befriending services, to care for elders and those living with dementia.

Over at Sojourn, we continue to be in the frontline, serving the male migrant worker community at the dormitories, along with our key partners. Since April last year, we have given out 50,000 food and care packs to the migrant workers. We also launched a helpline which initially reached out to recovered workers who were quarantined and it has continued to be a lifeline for our migrant workers who are in mental distress. When the Covid-19 vaccination was made available to the migrant workers, we helped to encourage those who were facing doubts to get vaccinated.

As we strive to better serve our beneficiaries amid this pandemic, we have evolved our services accordingly across our centres and homes. Virtual call engagements, regular use of test kits and safe management measures have now become an essential part of our service practices.

The Salvation Army has remained steadfast in our mission and our caring work will require valuable partners to join hands with us in giving hope to the underprivileged. We look forward to your unwavering support and thank you for making a positive impact in the community.

“The Salvation Army has remained steadfast in our mission and our caring work will require valuable partners to join hands with us in giving hope to the underprivileged.”

Colonel Rodney S. Walters
Territorial Commander
The Salvation Army Singapore,
Malaysia and Myanmar Territory

NATIONAL ADVISORY BOARD

A commitment to excellence and serving others has united these like-minded professionals from diverse backgrounds to form a National Advisory Board that is a vital partner in The Salvation Army ministry.

The Salvation Army National Advisory Board consists of business and community leaders who voluntarily provide their professional skills and knowledge of the community to:

- Assist The Salvation Army in interpreting community needs;
- Facilitate the development of resources to make a practical difference in the community, strengthening The Salvation Army's ability to serve;
- Increase public awareness of The Salvation Army's purpose and work, including the recruitment of volunteers and giving of hands-on assistance;
- Provide advice and guidance to The Salvation Army in areas such as budgeting, capital campaigns, public relations, fundraising, and building improvements and maintenance.

We are blessed to have Mr S. Dhanabalan as our Patron and Mr Bill Foo as the Chairman of the National Advisory Board. As at 31 March 2021, members of our National Advisory Board include Mr Aje Saigal, Ms Catherine Ong, Ms Cheng Pai Ling, Mr Eugene Lim, Mr Luke Lim, Mr Richard Yong, Datuk Robert Chua, Mr Wen Khai Meng, Colonel Rodney S. Walters, Lieutenant Colonel Hary Haran, Major Michael Zielinski and Ms Angeline Tan.

KEY HIGHLIGHTS

Feeding the Underprivileged

During the circuit breaker, Mr Bill Foo, Chairman of The Salvation Army National Advisory Board and other donors sponsored 2,400 meals to feed underprivileged families under the care of our Youth Development Centre.

Over at Family Support Services, we sent supermarket vouchers to our needy clients to help them tide over these trying times.

Sojourn - SGcare Community Help Centre

In September 2020, we opened Sojourn-SGcare Community Help Centre in Sungei Tengah Lodge to enhance our support for the migrant worker community. The centre provides a permanent place for The Salvation Army and our partners to extend emotional support, counselling and assistance to migrant workers at their doorstep.

Red Shield Event 2020

Our first online Red Shield Event raised over \$223,000 and had over 73,000 views. During the event, we shared how we helped our beneficiaries amid the pandemic. Our keynote speaker, Nick Vujicic, provided tips on how to survive and thrive during a crisis, while our guest-of-honour, Mr Desmond Lee, Minister for National Development and Minister-in-charge of Social Services Integration, expressed his appreciation for The Salvation Army's contribution to the community.

Aiding Rough Sleepers

As a partner of the PEERS (Partners Engaging and Empowering Rough Sleepers) network, we provided transportation to the rough sleepers and helped them move from temporary shelters to their allocated residences at the end of the Circuit Breaker. We also secured sponsorship from SG Accident Help Centre to provide 1000 care packs and delivered them to rough sleepers staying across multiple sites.

Caring for Migrant Workers

As part of our efforts to improve the well-being of the migrant worker community, Sojourn worked with partners to treat over 200 migrant workers to a cruise along the Singapore River. It was an enjoyable experience for the migrant workers, who captured the journey with their mobile devices and shared the happy moments with their friends and loved ones.

Team Productivity Award

Our Peacehaven nursing team was recognised by the Agency of Integrated Care for the Community Care Excellence Awards. The awards aim to acknowledge the contributions of individuals and project teams who have demonstrated exemplary service and commitment in delivering quality care to their clients in the community care sector. Peacehaven was awarded the Team Productivity Award for our innovation in using gravity feeding set in bolus tube feeding.

Christmas Kettling 2020

Though we could not have bell-ringers at our kettle stands in the malls, we were very grateful to our donors and partners who supported our Christmas Kettling efforts and online campaigns which raised over \$104,000, including a donation of \$23,942 from Starbucks Singapore for Starbucks Christmas Open House.

Family Bonding Sessions

In celebration of Children's Day, Prison Support Services - Kids In Play collaborated with the Singapore Prison Service to organise additional virtual Family Bonding sessions over three days in October 2020 for the children to bond with their incarcerated parents. It was a very meaningful time for the children and their parents, as it gave them the opportunity to express their feelings through words of affirmation and encouragement.

Peacehaven Bedok Arena

In August 2020, we opened Peacehaven Bedok Arena to provide a suite of programmes to help seniors age in place. Operating as an eldercare centre, we provide active ageing, befriending and dementia day programmes for seniors to maintain a healthy lifestyle and live in the community for as long as possible.

EagleCares Badminton Programme

The Singapore Badminton Association and Borden Eagle Group launched the EagleCares badminton programme on 9 February 2021, with President Halimah Jacob as the guest-of-honour. Gracehaven and The Haven are part of this meaningful programme which enlists national athletes as volunteers to coach our youth.

55 in 55 Campaign

To mark his 55th birthday, Stephen Choy swam 5.5km, cycled 550 km, and ran 55 km, within 55 hours to raise over \$55,000 for Gracehaven. Through his fundraising efforts, he has made a positive impact on the lives of our young residents and inspired them to persevere regardless of their challenges.

Singapore Health Quality Service Awards

Peacehaven had a total of 75 Hero award winners at the Singapore Health Quality Service Awards 2021. This special virtual edition was held by SingHealth to honour healthcare heroes who have contributed significantly in our nation's fight against Covid-19. We salute our heroes for their commitment in providing the best professional care for our residents.

GRACEHAVEN

At Gracehaven, we provide a full continuum of care for children and youth who require out-of-home care, protection or rehabilitation due to a lack of parental supervision, risk behaviours and family breakdowns.

Our programmes meet a wide range of short and long term needs, including interim placement and assessment, residential care, and fostering.

Our Interim Placement and Assessment Centre helps children and youth by providing protection and therapeutic programmes, while assessing their needs for their placement in the most appropriate care environment. For children and youth staying in our residential Home, we provide tailored care plans according to their individual needs. Positive values are imparted through

our activities to help residents grow in maturity.

Gracehaven has also been actively promoting our fostering services to encourage families to open their homes to foster children. Our team of social workers journey with the foster children and families, and support them through casework management, visits, training and crisis intervention support. During the year, we have also worked closely with the LoveSingapore Movement and played an instrumental role in raising greater awareness on fostering.

THE HAVEN

Our small group home concept allows us to give closer attention to the residents and deliver age-appropriate activities.

The Haven helps vulnerable children and youth whose families are unable to care for them. Many of our young residents need special care as they come from challenging or dysfunctional home environments. We seek to be a refuge for these children and youth via a small group home concept to provide them with a secure and warm family-like environment.

To help our residents who often have complex needs, we adopt a multidisciplinary approach with individualised care plans drawn up for each resident. Counselling and specialised care are provided to help our residents overcome their past hurts and pave the way for their recovery. Through academic mentoring and other quality programmes, our residents acquire essential life skills and become more confident. We also work closely with them and their families towards a successful reintegration and reunification. To support older male residents, Transitions@Haven provides safe accommodation and mentoring for residents transitioning to independent living.

Moving forward, we will be equipping our residents and their families with solution-focused skills to support them through their restoration journey. We also hope to engage with more partners to enhance our provision of care and support for our residents.

YOUTH DEVELOPMENT CENTRE

Located in Kallang Bahru, our centre reaches out to latchkey youth-at-risk between the ages of 10 and 21, with a focus on troubled youth who have issues at home or in school. Our staff and volunteers at the centre engage the youth through a variety of sports, music and social activities, allowing them to pursue and develop their areas of interest. Through these activities, we identify potential youth leaders and help nurture them through our mentoring programme so they can be good role models to the younger members at the centre.

As part of The Salvation Army's continuum of care for children and youth, our centre also provides aftercare services for children and youth who are either discharged from our residential homes or for those who are in non-residential care but require further mentoring. Moving forward, our centre aims to strengthen our case management services and social work capabilities.

At the Youth Development Centre, we believe in the potential of every youth and aim to provide them with opportunities to pursue their interests.

Prison Support Services – Kids In Play envisions an inclusive society where families of incarcerated persons are embraced and empowered to be contributing members of the society.

To support these families during the difficult period of separation, we provide professional help to reduce the impact of incarceration on the children and their caregivers. We focus on strengthening family ties and our comprehensive range of services include casework management, individual counselling, group work and family bonding activities. We also facilitate the reintegration of incarcerated parents with their families after they have been released.

Since the circuit breaker was implemented, many of our regular programmes have been conducted virtually. For the children's EMPower group work sessions, we focused on building resilience through the inculcation of healthy values in every child. We supplemented these activities with the Caregivers' Connect sessions to update caregivers on what had been taught to their children, and to support them through their challenges. Due to safe management measures, Family Bonding sessions for the children to interact with their incarcerated parents were also held via video conferencing.

Moving forward, we hope to expand our programme to include more children in the community and have more meaningful engagements to help the children, caregivers and incarcerated parents strengthen their family ties.

PRISON SUPPORT SERVICES - KIDS IN PLAY

CAREHAVEN

In partnership with the Centre for Domestic Employees, Carehaven provides a residential care programme for foreign domestic workers caught in challenging circumstances.

Through meaningful programmes, we work towards improving the well-being of the sheltered foreign domestic workers with the aim of guiding them to become more resilient. Besides providing counselling, we also offer English classes, cooking and sewing lessons to equip them with necessary skills for a better future.

To stay true to our cause, Carehaven also serves as an advocate for safe migration practices to help foreign domestic workers return safely to their home country.

To care for the foreign domestic workers, we see to their daily needs and provide timely assistance for those facing emotional distress over their situation.

Our one-stop centre supports the elderly and underprivileged in the community.

Family Support Services offers a wide range of services such as casework management, counselling, financial and food ration assistance, elderly befriending services and support groups for the elderly and youth. We also provide referral services to link people to relevant agencies if they require further assistance.

During our monthly food ration distribution, we offer basic health checks such as blood pressure and blood glucose examinations for our beneficiaries. We also assist the frail and elderly through our Guardian Angel service in areas such as medical appointments, grocery shopping, and home refurbishment.

With digitalisation becoming an essential part of our lives, Family Support Services will be empowering more elderly to use digital applications such as Singpass, TraceTogether and various healthcare apps.

FAMILY SUPPORT SERVICES

SOJOURN

Sojourn reaches out to the male migrant worker community and seeks to improve their well-being during their stay in Singapore.

We also hope to enhance the social integration between the migrant and local communities through befriending and social activities.

At Sojourn, we address the concerns of the migrant workers, who constantly worry about the effects of the pandemic, their financial burdens and the impact on their families back home. As we have a presence in two large dormitories, we are able to assist these troubled workers directly, and provide them with counselling and practical support.

Together with our strategic partners, we offer health screenings, physiotherapy and traditional Chinese medicine treatments to the migrant workers. Enrichment and English lessons are also conducted regularly to help them improve their skills for a brighter future. To ease the transition to life in Singapore, we also organise various recreational activities for them to interact and integrate with local communities.

PEACEHAVEN NURSING HOME

Peacehaven Nursing Home meets the needs of sick and frail elderly with physical or mental disabilities by providing professional clinical care in a caring and homely environment.

Our comprehensive services include nursing care, general practitioners' services, occupational therapy, physiotherapy, speech therapy, dental services and pastoral care.

Our holistic model of compassionate care is centred on the residents' individual needs and well-being. Residents are empowered to continue in self-care and to make their own decisions.

To help them improve or maintain their overall health, we encourage and reward them when they participate in physical exercises and other beneficial activities.

Peacehaven Jade Circle is a joint development between The Salvation Army, Lien Foundation and Khoo Chwee Neo Foundation.

Our purpose-built facility comprises the Jade Circle Arena, Jade Circle Acaredemy and Jade Circle Apartment, a residential care facility.

With the aim of promoting active ageing, Jade Circle Arena serves as an intergenerational centre for the young and old to play and interact in a safe environment. Individuals and families can bond over a variety of activities that support the physical, mental and psychosocial well-being of the elderly.

PEACEHAVEN JADE CIRCLE

PEACEHAVEN DAY CENTRES

Peacehaven Day Centres at Bedok and Changi offer the Integrated Home and Day Care programme to meet the healthcare needs of the frail elderly through medication, nursing, rehabilitation, psychosocial, home assessment and personal care support.

We tailor the care plan based on our client's individual needs, and a multidisciplinary team will conduct regular reviews to assess the outcomes and adjust the plan when there are changes in a client's well-being. Through various activities conducted at the centres, we help our elderly clients age gracefully and lead fulfilling lives in the community.

Peacehaven Bedok Arena aims to improve the quality of life for seniors living in the community through a comprehensive suite of programmes.

Our eldercare centre provides active ageing, befriending and dementia day programmes to meet the needs of the seniors. We also offer necessary intervention and support to help them live in the community for as long as possible.

Working hand in hand with our Community Befriending programme and our Community Resources and Engagement Support Teams, we care for the mental health of seniors living in the Fengshan area.

PEACEHAVEN BEDOK ARENA

CORPS COMMUNITY SERVICES

The Salvation Army's motivation stems from a love for God and people. Our Corps Community Services seeks to embody our faith-in-action through various types of support such as befriending, counselling and practical assistance.

During the pandemic, Bishan Chinese Corps visited the elderly and distributed grocery vouchers to help tide them through these challenging times. Changi Corps worked closely with our team from the Prison Support Services – Kids In Play programme by providing practical assistance to former inmates released from prison.

VOLUNTEERISM

Being a volunteer is more than just helping others. In the eyes of our beneficiaries, volunteers help to inspire and motivate them through their passion to serve.

We would like to thank over 1,000 individuals, corporations, schools and groups who joined us as volunteers in FY2021. Together with your support, we have managed to be a beacon of hope to those in despair during these trying times.

At The Salvation Army, we warmly welcome purpose-driven individuals who aspire to make a difference in our community. Join us for a variety of volunteering

opportunities such as academic and youth mentoring, befriending as well as logistic and retail support. We would also love to hear from passionate individuals, corporate groups and institutions who wish to initiate fundraising projects for our beneficiaries.

IMPACTING LIVES

The Haven helped me to engage tutors even right before my 'O' levels and saw to my other needs. I would also like to thank my social worker who listened to my rants and worries, and helped me to get through a challenging 2020.

18-year-old Youth
The Haven

When I feel down and stressed, I will call Sojourn for support and I always feel better after the call. Sojourn also gives us care packs and food which brightens up our day. All these caring acts have helped me to cope with the stress during the pandemic.

Mathi, Migrant Worker
Sojourn

I am grateful for the grocery vouchers and food parcels from The Salvation Army as they help me to tide through the month.

Mdm Oh, Beneficiary
Bishan Chinese Corps Community Services

Youth Development Centre means a lot to me. I visit the centre regularly as it is a fun place and I get to meet many amazing, funny and caring people. It is a great place that offers many activities.

Angelina, Client
Youth Development Centre

I like to have engaging conversations with friends, staff and volunteers at the Home as I can learn from them and improve myself.

16-year-old Youth
Gracehaven

Family Support Services is like a second home to me. It is a place where I can meet my friends and engage in enriching activities.

Madam Chui, Client
Family Support Services

For the past 30 years, I took care of my frail husband all by myself. However, as I was getting on in years, I found it increasingly difficult to cope with my husband's needs. To help reduce my burden in the daytime, my husband began attending Peacehaven Changi Day Centre. I was pleased with this arrangement as it still allowed me to be close to him as we lived nearby.

However, the situation changed after I was hospitalised. I could no longer continue caring for my husband due to my own medical condition. I then made the difficult decision to admit my husband into Peacehaven Nursing Home. Initially, he found it challenging to adjust, but he is now accustomed to staying in the Home and understands that it is the best arrangement. I am grateful to everyone in Peacehaven who has taken good care of him.

ORGANISATION STRUCTURE

There is no paid staff who is a close member of the family of the Executive Head or a governing board member, who received annual remuneration exceeding \$50,000 in FY2021.

CORPORATE GOVERNANCE

The Salvation Army continually works at putting good organisational policies and processes in place, towards good governance standards and in compliance with the code of governance for charities and institutions of public character.

CONFLICT OF INTEREST POLICY

The Salvation Army's Conflict of Interest Policy aims to protect the organisation's welfare and best interests over and above all priorities and objectives. The policy mandates that no key personnel of The Salvation Army shall be involved in activities that violate the principles of the organisation and derive any personal profit or gain, directly or indirectly, by reason of his or her work with The Salvation Army.

Each key personnel shall disclose to the Territorial Management Board of any personal interest which he or she may have in any matter pending before the organisation and shall refrain from participation in any decision on such matter, upon his/her taking up of the employment/appointment in the organisation. Annual declaration of interests by key personnel is required. He / She shall fully disclose to the Territorial Management Board in the event a conflict of interest situation may arise.

RESERVE POLICY

The policy defines reserve as that part of the income funds that is freely available for its operating purposes not subject to commitments, planned expenditure and spending limits. It does not include endowment funds, restricted funds and designated funds. In the audited financial statements, this reserve is termed "unrestricted reserve".

The reserve provides financial stability and the means for the development of our principal activity. The reserve target in each fund is established at a level equivalent to two times the amount of annual operating expenditure. The level of the reserve is being reviewed annually.

ANTI - MONEY LAUNDERING POLICY

The policy seeks to protect The Salvation Army, its officers, employees and all personnel related to The Salvation Army against money laundering practices to which all charities are at risk of being exposed to through exploitation by criminals and terrorists. All Salvation Army personnel are required to be vigilant; be committed to strong governance and financial transparency; know our key donors and beneficiaries; conduct transactions via regulated financial channels; ensure that funds are applied in a consistent way to our mission and objectives; and report suspicious transactions to the authorities.

FRAUD CONTROL STRATEGY

Fraud is a criminal act that will not be tolerated by The Salvation Army. Fraud (includes finances, material and property) perpetrated by anyone in the organisation will be referred for investigation and the matter be reported to the Territorial Management Board. Any allegation of fraud will be treated with confidentiality.

This policy statement outlines detailed steps on the identification of suspected or actual fraud. It includes investigation, recommendations of actions to be taken such as reporting to the Police and informing The Salvation Army International Headquarters, disciplinary action and recovery of debt. Appropriate counselling will be made available to all affected parties. Prevention is imperative and all heads, managers and supervisors must meet their responsibilities in preventing fraud and, wherever possible, adopt the necessary procedures and policies to minimise the risk of it happening.

HUMAN RESOURCES MANAGEMENT

The Salvation Army management accepts the responsibility for good employee relations within relevant legislation and labour framework. The Human Resources Department is responsible for administering the personnel policies and procedures concerning employment matters.

All employees are given an Employee Manual. Guidelines are also established for effective management of our volunteer resources. A risk register is maintained to monitor areas of staffing, competency deficiency, and workplace safety and health. We recognise that attracting, retaining and motivating people requires innovative integration and enhancement of our reward, performance, learning and development management practices.

DATA PROTECTION POLICY

The Salvation Army data protection policy provides information about how The Salvation Army collects, uses and discloses personal data about individuals while recognising both individuals' right to protect personal data and our need to collect, use or disclose it for purposes that we believe are reasonable and appropriate in the circumstances of the Army's Corps, charitable work and other work in the community.

It applies to the personal data of all individuals who attend services or other meetings of Salvation Army Corps and/or are the beneficiaries/clients or potential beneficiaries/clients of the Army's work as well as donors, employees, volunteers and online users of our websites and online platforms.

If individuals are not in any of these categories but we collect, use or disclose personal data about individuals in the course of the Army's work in the community, this data protection policy will apply to that personal data consistently with the way in which it applies to the above individuals.

WHISTLE BLOWING POLICY

The Salvation Army is committed to maintaining a high standard of moral and ethical conduct; and complies with accounting, financial reporting, internal controls, corporate governance, auditing requirements and any relevant legislation. In line with this commitment and our belief in open communication and transparency, the Whistle Blowing Policy aims to provide an avenue for employees, volunteers and external parties to raise concerns and offer reassurance that they will be protected from reprisals or victimisation for whistle blowing in good faith.

Key management personnel comprises members of The Singapore Social Fund Board, Territorial Management Board and the Central Management Council. The key management personnel received remuneration or other benefits and such amounts are recorded in General Fund, Singapore. There were no claims by the key management personnel for services provided to the Fund, either by reimbursements or by providing the key management with an allowance or by direct payment to a third party during the current and previous financial year.

TAXATION

The Fund is part of the operation of The Salvation Army, Singapore, which is registered as an exempt Organisation under the Charities Act (Chapter 37). By virtue of Section 13(1)(zm) of the Income Tax Act (Chapter 134), the Organisation's income is exempted from income tax.

LEAVING
A LEGACY

The Salvation Army is most grateful to donors like yourself who give generously to support our work over the years. It would mean a lot to those in need if such giving could be extended to the future through your estate.

There will always be people in need of assistance beyond your lifetime. By choosing to make a lasting contribution to The Salvation Army, your generosity and kindness will help sustain our mission that began in Singapore in 1935, to give the most comprehensive care possible to people in need.

You may choose from varied giving options through your Will, insurance policies, annuities and Central Provident Fund. Your gift, no matter how big or small, will help to transform lives.

For more information, kindly contact Judy Chun at 8823 0533 or judy.chun@smm.salvationarmy.org.
